and subsidiaries

 BUENAVENTURA

## SUPPLIERS GENERAL POLICY OF COMPAÑIA DE MINAS BUENAVENTURA AND SUBSIDIARIES

Buenaventura is engaged in mining, related industries and generation-distribution of electrical energy, focused on creating the most possible value for society, reaching high performance in Quality, Environmental, Social, Health and Safety Management. For this reason, the company commits its suppliers to fulfill the following commitments:

**Provide** adequate working conditions for all people, be they collaborators, sub-contractors or visitors; applying preventive measures to avoid injuries, illnesses, adverse environmental impacts and losses in the processes.

**Control** processes and risks related to quality, environmental aspects and hazards, prioritizing their elimination through Continuous Improvement programs.

**Comply** with the applicable legislation, the Code of Ethics and Good Conduct of Buenaventura, the Quality, Environmental, Social, Health and Safety Management Policy of Buenaventura, its internal regulations and the commitments assumed with interested parties and those established in the management instruments as Provider of Buenaventura and subsidiaries.

**Prevent and report** discrimination, sexual harassment, illegal activities, money laundering, drug trafficking, financing of terrorism, corruption, fraud, bribery, among others.

**Promote** the identity and sustainable development of the surrounding population, respecting their culture under the principles of Shared Social Responsibility.

**Deliver** quality goods and services, at the agreed cost and time.

Suppliers and their employees undertake to enforce this policy and report any deviation to the ethics line: <https://www.bdolineaetica.com/buenaventura>
