Additional Comments

- **Tambomayo:**

1Q21 gold production was below expectation due to continued Covid-19 related personnel restrictions resulting in less ore treated, as well as longer than expected maintenance works during the month of February. This was partially offset by higher gold grade mined during the quarter. 2021 guidance remains unchanged in light of a careful review of the Company's short-term mining plan designed to accelerate mining in high grade areas during the year.

1Q21 silver production was above projections for the quarter due to higher silver grades. 2021 guidance remains unchanged.

- **Orcopampa:**

1Q21 gold production was below expectations due to less ore treated resulting from Covid-19 related personnel restrictions. Additional staff and resources will be allocated to expedite production for the balance the year. 2021 guidance remains unchanged.

- **Coimolache:**

1Q21 gold production was in line with expectations. 2021 guidance remains unchanged.

- **La Zanja:**

1Q21 gold production was in line with expectations. 2021 guidance remains unchanged.

- **Julcani:**

1Q21 silver production was in line with expectations. 2021 guidance remains unchanged.

- **Uchucchacua:**

1Q21 silver, lead and zinc production was below expectations due to lower production resulting from underground mine development delays, specifically delayed mine ramp-up. This was partially offset by 4.25 Oz Ag/MT in reprocessed tailings.

- **El Brocal:**

Marcapunta's copper production was above expectations with increased ore treated during the quarter due to the 2021 re-scheduled open pit production mining sequence, enabling Cu-ore production in Q1. 2021 guidance remains unchanged.

Tajo Norte's zinc production was below expectations due to polymetallic-ore production re-scheduled until later in the year. 2021 guidance remains unchanged.

Company Description

Compañía de Minas Buenaventura S.A.A. is Peru's largest, publicly traded precious and base metals Company and a major holder of mining rights in Peru. The Company is engaged in the exploration, mining development, processing and trade of gold, silver and other base metals via wholly-owned mines and through its participation in joint venture projects. Buenaventura currently operates several mines in Peru (Orcopampa*, Uchucchacua* , Julcani*, Tambomayo*, El Brocal, La Zanja and Coimolache).

The Company owns 43.65% of Minera Yanacocha S.R.L (a partnership with Newmont Mining Corporation & Sumitomo Corporation), an important precious metal producer and 19.58% of Sociedad Minera Cerro Verde, an important Peruvian copper producer (a partnership with Freeport-McMoran Inc., Sumitomo Corporation & Sumitomo Metals).

For a printed version of the Company's 2018 Form 20-F, please contact the persons indicated above, or download a PDF format file from the Company's web site. (*) Operations wholly owned by Buenaventura

Note on Forward-Looking Statements

This press release may contain forward-looking information (as defined in the U.S. Private Securities Litigation Reform Act of 1995) that involve risks and uncertainties, including those concerning the Company's, Yanacocha's and Cerro Verde's costs and expenses, results of exploration, the continued improving efficiency of operations, prevailing market prices of gold, silver, copper and other metals mined, the success of joint ventures, estimates of future explorations, development and production, subsidiaries' plans for capital expenditures, estimates of reserves and Peruvian political, economic, social and legal developments. These forward-looking statements reflect the Company's view with respect to the Company's, Yanacocha's and Cerro Verde's future financial performance. Actual results could differ materially from those projected in the forward-looking statements as a result of a variety of factors discussed elsewhere in this Press Release.
